City of Richland Hills, Texas

Memorandum

To: Honorable Mayor Bill Agan and members of the Richland Hills City Council
From: Scott Mitchell, Director of Neighborhood Services
Date: August 16, 2016
Subject: FY 2016-2017 Interlocal Agreement with Fort Worth for Household Hazardous Waste Collection

Council Action Requested:

Approve the annual Interlocal Agreement for participation in the City of Fort Worth's Household Hazardous Waste collection program for FY 2016-2017.

Background Information:

The City of Richland Hills participates in the Fort Worth Household Hazardous Waste Collection Program which provides Richland Hills residents a location to responsibly dispose of hazardous waste items. Items that can be disposed of include paints, chemicals, pesticides, etc. These items are disposed of at the designated collection point in lieu of placing them in the trash or pouring down drains, both of which contribute to pollution of the environment. The cost for FY 16-17 is \$47.00 per participating household. This fee has remained constant since 2013. The fee allows for residents to drop waste off at Fort Worth's Environmental Collection Center (ECC) or during Richland Hills' on-site mobile collection event. Funding for this fee is provided through the solid waste contract with Republic Services.

Board/Citizen Input: N/A

This Agreement shall be effective from October 1, 2016 or the date the last party has signed this Agreement, whichever is later, through September 30, 2017; however, the duties and responsibilities of the Parties for events which occurred during the term of the contract shall survive. If Participating City has mobile collection events scheduled during the months of October through December 2017 and this Agreement has not been renewed by the end of the regular term, this agreement shall be extended on a month to month basis until the mobile collection events have been completed or cancelled by Participating City.

In addition, this agreement may be extended by the duly authorized, mutual, and written agreement of the parties for one (1) additional one-year term.

4.
SERVICES OF FORT WORTH

Fort Worth agrees to perform the following services for Participating City in connection with the ECC household hazardous waste collection program:

- A. Fort Worth will administer a regional household hazardous waste collection program. This program will include the operation of the Environmental Collection Center, which will accept for disposal and/or recycling household hazardous waste from households located within Participating City. Fort Worth shall not accept compressed flammable gas containers; radioactive materials; explosives or potentially shock sensitive materials; biological, etiologic, or infectious materials; wastes from businesses; or any other wastes that Fort Worth has determined are unacceptable. Commercial waste is never accepted by Fort Worth.
- B. Fort Worth will employ or retain personnel to provide the services necessary to perform Fort Worth's obligations in this Agreement.

- C. Fort Worth will enter into a contract(s) with a waste disposal/recycling firm(s) for the handling, collection, transportation, storage, disposal, treatment, recovery, and/or reuse of household hazardous waste that is collected at the ECC or during mobile collection events.
- D. Fort Worth will, if requested in writing by Participating City, provide Participating City with copies of waste manifests for shipments of waste from the ECC.
- E. Fort Worth will, if requested in writing by Participating City, provide Participating City a monthly report of the Participating City's households who disposed of household hazardous waste at the Environmental Collection Center or a mobile collection event.
- F. Fort Worth will issue a report and an invoice at the end of each quarter detailing the number of Participating City's households that disposed of household hazardous waste at the Environmental Collection Center or at mobile collection events.
- G. Fort Worth will act under this Agreement in accordance with all applicable state and federal laws.

H. Mobile Collection Events

Participating City may schedule a mobile collection event to be operated by Fort Worth personnel using one of Fort Worth's MCUs or conduct their own mobile collection events using either Participating City's MCU or Fort Worth's Reserve MCU (as available). State regulations require notification to the Texas Commission on Environmental Quality (TCEQ) at least 45 days prior to conducting the event.

1. Fort Worth Operated Events:

If Participating City would like to schedule a mobile collection event with the Fort Worth Mobile Collection Unit, Participating City shall contact the ECC as soon as possible for a list of available dates. The time and location shall be agreeable to both parties. Participating City may schedule one mobile collection event each contract year. Fort Worth will file notification of the event with TCEQ as required by 30 TAC §335.403.

(a) Scheduling Events

Fort Worth will begin scheduling mobile collection events for the 2017 calendar year on January 9, 2017. To ensure proper notification to TCEQ, events must be scheduled at least sixty (60) days ahead of the proposed date. Participating City acknowledges that Fort Worth contracts with other municipalities and that Fort Worth will be accommodating each Participating City's request on a first come first served basis. Therefore, Participating City acknowledges that its chosen date to schedule a mobile collection event may be reserved by another city and Participating City will have to then choose another date. Participating City will, in no event, be entitled to any damages or recovery of any costs, except as provided herein. Only one mobile collection event using Fort Worth staff and equipment per city is entitled under this contract. Additional events may be accommodated if feasible.

(b) Location

If Participating City chooses to hold the Mobile Collection Event on private property, Participating City shall obtain a signed waiver from the owner of the property sixty (60) days prior to the event. The waiver shall be in the form of Exhibit B or similar form approved by Fort Worth. The signed waiver must be sent to Fort Worth sixty (60) days before the Mobile Collection Event. If the signed waiver is not sent to Fort Worth sixty (60) days before the Mobile Collection Event, Fort Worth will not send the Fort Worth Mobile Collection Unit to the event and Participating City will, in no event, be entitled to any damages or recovery of any costs, except as provided herein. All events must be held on an impervious surface.

- (c) At the Mobile Collection Event, Participating City acknowledges and agrees that Fort Worth shall accept household hazardous waste from the first 50 households that show proof of residency at the Mobile Collection Event. After the first 50 households, Fort Worth will determine in its sole discretion how much more waste it can accept for proper transport back to the ECC. If more households arrive at the event than Fort Worth can accept, Participating City will in no event be entitled to any damages or recovery of any costs, except as provided herein.
- (d) Due to limited storage space at the ECC, Participating City acknowledges and agrees that if it requests the Fort Worth Mobile Collection Unit at a mobile collection event, a Participating City's MCU shall not also be at the event.
- (e) Fort Worth, in its sole discretion, will determine whether to send the Fort Worth Mobile Collection Unit to Participating City's Collection Event during adverse weather, the threat of adverse weather, or other hazardous conditions including but not limited to sleet, snow, rain, mist, or hail. In the event Fort Worth determines not to send the Fort Worth Mobile Collection Unit, Fort Worth shall attempt to notify persons listed herein as an "Operational Contact" by the Participating City and shall attempt to send a Fort Worth employee to the Participating City's event to tell any residents that come to dispose of household hazardous waste that the Fort Worth Mobile Collection Unit will not be coming to the event, but the resident can go to the ECC to dispose of the waste. A map with directions to the ECC also will be provided.
- (f) The Participating City agrees to collect collection data at the MCU and provide Fort Worth with a list of total MCU participants and total quantities of wastes listed in an Excel spreadsheet in a template provided by Fort Worth as Exhibit C, within ten (10) days of the mobile collection event. No vouchers, sign-in sheets, or copies of either will be accepted by Fort Worth.

2. Participating City Mobile Collection Unit:

- (a) Fort Worth agrees to accept household hazardous waste from mobile collection events conducted by Participating City using Participating City's MCU in accordance with the terms of this Agreement.

- (b) Fort Worth agrees to restock the items it removes from Participating City's MCU, however, Fort Worth shall only restock items listed in Exhibit "A," attached and incorporated herein as if set forth.

3 Loan of the Reserve Mobile Collection Unit

The reserve MCU is a specially designed and equipped thirty-six (36) foot gooseneck box-trailer and one (1) ton pickup owned by Fort Worth. Participating City may request the loan of Fort Worth's Reserve MCU free of charge for use in a Household Hazardous Waste collection event when available. Participating City may use the Reserve MCU to transport HHW to Fort Worth's ECC or another collection center that may lawfully receive HHW. Participating City shall provide Fort Worth with a written request, facsimile or e-mail, at least sixty (60) days prior to the event date for which the request is made. Fort Worth shall have sole determination whether the Reserve MCU is available for use by Participating City and shall notify Participating City as soon as is reasonably practicable of such decision. Fort Worth shall not participate in nor be responsible for any part of the Participating City's HHW Collection Event unless and except by written mutual agreement.

- (a) Fort Worth shall disclose any known problems the Reserve MCU may have in performing the tasks necessary for the HHW Collection Event. Prior to issuance of the Reserve MCU, a pre-trip inspection for potential maintenance problems will be performed by Fort Worth. Also, both parties will complete a pre-trip aesthetic assessment. Participating City shall be responsible for all certifications and insurance necessary for the proper operation of the Reserve MCU.
- (b) Participating City agrees to maintain and return the Reserve MCU in as good condition as it was in when Participating City took possession for use. Participating City shall return the Reserve MCU to Fort Worth in a timely manner and as mutually agreed upon.
- (c) Participating City shall be responsible for all property damage, personal injury, or death caused by Participating City's employees, volunteers, contractors, or agents and arising out of the use of the Reserve MCU during the term of this Agreement.
- (d) It is expressly understood and agreed that, in the execution of this Agreement, neither of the parties waives, nor shall be deemed hereby to waive, any immunity or defense that would otherwise be available to it against claims arising in the exercise of governmental powers and functions. By entering into this Agreement the parties do not intend to create any obligations, expressed or implied, other than those set forth herein and this Agreement shall not create any rights in parties not signatories hereto.

5.
DUTIES OF PARTICIPATING CITY

Participating City agrees to perform the following duties in connection with the household hazardous waste collection program:

- A. Participating City will designate one of its employees, and another as an alternate, to act as its household hazardous waste collection Operational Contact to interact with Fort Worth as designated on the signature page to this contract.
- B. Participating City will coordinate and fund all program advertising targeted to its own citizens, as it deems necessary. Such advertising shall include the type of wastes that will be accepted at the ECC, the requirement of proof of residency, and weather cancellation information.
- C. Participating City shall notify its residents of the ECC hours of operation and dates it is closed as provided in Section 9 "The Environmental Collection Center Hours of Operation."
- D. Participating City may choose to utilize a voucher system for its residents in order for them to bring HHW to the ECC. If Participating City chooses to use such a system, it shall designate so herein and include a copy of the official voucher. In addition, if a citizen from a Participating City that utilizes a voucher system comes to the ECC or a mobile collection event without a voucher, Participating City acknowledges and agrees that Fort Worth will not accept the household hazardous waste until Participating City authorizes the acceptance in writing.
- E. Participating City may submit a written request for a monthly report listing the number of its city's households that have disposed of household hazardous waste at the ECC or a mobile collection event.
- F. Participating City shall provide traffic control and signage for the mobile collection event, and shall provide personnel to assist Fort Worth with the offloading of material, surveys, and screening of persons dropping off household hazardous waste. Prior to the event, the parties shall agree upon the details of the traffic control, signage, and personnel assistance.
- G. If a Participating City resident presents waste that was collected from multiple households, Fort Worth reserves the right to charge the Participating City based on the total number of households from which the waste originated even if the resident has only one voucher.
- H. Participating City shall provide a means for disposing of solid waste (e.g. boxes, trash, containers) on site during a mobile collection event.
- I. Mobile Collection Events using Participating City's MCU or Reserve MCU
 - 1. Participating City is responsible for proper notification to TCEQ as required by 30 TAC §335.403.
 - 2. Participating City shall advise the ECC at least 72 hours in advance of its mobile collection events. Participating City shall collect only HHW during a mobile collection

event. Wastes from commercial, agricultural, and industrial sources shall not be accepted. Participating City shall not accept compressed flammable gas containers; radioactive materials; explosives or potentially shock sensitive materials; biological, etiologic, or infectious materials; or any other wastes that Fort Worth has determined are unacceptable.

3. In accordance with the latest DOT requirements, Participating City's MCU operators will properly categorize, package, mark, label, and load into the MCU, all wastes received at the mobile collection event. Recyclable products (used oil, used oil filters, latex paint, recyclable anti-freeze, lead-acid batteries, and fluorescent lights) will be segregated into containers for recyclables.
4. After accepting wastes, Participating City's MCU operators shall thoroughly check each container for proper labeling and identification. If a container is properly identified, the material will be segregated according to hazard class and prepared for packaging. If a container does not have adequate labeling to permit identification, the MCU operators shall then attempt to identify the material from its physical characteristics using HAZCAT analysis and from information provided by the household presenting the waste.
5. The Participating City's MCU operators shall package all hazardous materials in accordance with DOT requirements, EPA requirements, and all other applicable federal and state requirements. After all the wastes have been properly identified and segregated, the MCU operators will reexamine the wastes for compatibility, list them on the container content sheets, and pack them into drums. Oil-based paints and latex paints shall be bulked separately in 55-gallon drums, or if the paint is left in its container, the paint can be packed in a lined cubic yard box, and packed and labeled according to federal and state regulations. Participating City shall not transport waste that is not HHW to the ECC. Participating City agrees to make its own arrangements to dispose of any non-HHW waste collected at the event.
6. Prior to transporting the HHW from the collection event site, Participating City's MCU operators shall complete a Bill of Lading, and shall keep the Bill of Lading in the cab of the truck hauling the MCU during transportation of the HHW to the ECC. Participating City shall require that a minimum of one copy of the latest North American Emergency Response Guidebook be kept within the cab of the truck.
7. During transportation, Participating City's MCU operators shall placard the MCU for transportation of hazardous waste in accordance with federal and state law.
8. Upon the return of the MCU to the ECC, Participating City's MCU operators shall follow the instructions of Fort Worth regarding the placement of the MCU for unloading. Fort Worth shall take possession of the MCU from Participating City after the MCU has been properly parked for unloading in accordance with Fort Worth's instructions and all required documents have been delivered to the ECC manager or his/her designee at the ECC. Fort Worth shall, within a reasonable amount of time, unload the HHW from the Participating City's MCU and store the unit at the ECC. After being contacted, Participating City shall pickup their unit within 10 days.

9. If Fort Worth, in its sole discretion, determines that Participating City's MCU operators improperly packaged any of the HHW delivered to the ECC, Fort Worth shall repackage such waste, and Participating City shall reimburse Fort Worth as set forth herein.
10. If a spill emanating from the Participating City's MCU or the Reserve MCU occurs at the ECC while the MCU is still in Participating City's possession, Fort Worth shall take control of the spill response and Participating City will reimburse Fort Worth for its response costs as set forth herein.

6.

USE OF WASTE DISPOSAL/RECYCLING FIRMS FOR HOUSEHOLD HAZARDOUS WASTE

- A. Fort Worth will enter into a contract(s) with a waste disposal/recycling firm(s) for the handling, collection, transportation, storage, disposal, treatment, recovery, and/or reuse of household hazardous waste, from the ECC.
- B. Such firm(s) shall be required pursuant to the contract(s) to assume generator status for the waste collected, (excluding used oil, lead-acid batteries and antifreeze) to choose a disposal site for the waste subject to Fort Worth's approval, and to indemnify Fort Worth and participating cities against any and all environmental damages and the violation of any and all environmental requirements resulting from the handling, collection, transportation, storage, disposal, treatment, recovery, and/or recycling of waste collected pursuant to this agreement, when said environmental damages or the violation of said environmental requirements was the result of any act or omission of contractor, its officers, agents, employees, or subcontractors, or the joint act or omission of contractor, its officers, agents, employees, or subcontractors and any other person or entity.
- C. **THE PARTIES RECOGNIZE THAT ALTHOUGH THE FIRM (S) WILL BE REQUIRED TO ASSUME GENERATOR STATUS, THIS ASSUMPTION WILL NOT RELIEVE PARTICIPATING CITY OF LIABILITY FOR THE WASTE UNDER FEDERAL LAW AND STATE LAW.** Fort Worth will arrange for recycling vendors for used oil, batteries, antifreeze, and other materials, as it deems appropriate.

7.

- A. From time-to-time Fort Worth will make available to residents and businesses of Fort Worth, as well as, Participating City residents and businesses of Participating City for their use, collected household hazardous waste materials that are suitable for reuse, such as paint, fertilizer, motor oil, and antifreeze. Fort Worth shall not charge for any materials that are picked up for reuse.
- B. Some materials made available for reuse may have been consolidated and filtered by Fort Worth prior to being made available. Used antifreeze will have been consolidated in a barrel, filtered, and pH balanced, and new antifreeze may have been added to the barrel.

FURTHERMORE, ALL WARRANTIES, EXPRESS AND IMPLIED, ARE SPECIFICALLY DENIED. PARTICIPATING CITY SHALL NOTIFY RECIPIENTS OF THESE TERMS AND CONDITIONS.

- D. Participating City shall contact the ECC manager to arrange a pickup time to obtain materials. Participating City agrees that it shall not return to Fort Worth, directly or indirectly, any materials it obtains from Fort Worth under this paragraph.

E. **INDEMNIFICATION REGARDING REUSED OR RECYCLED MATERIALS.**

1. IN REGARDS TO REUSED OR RECYCLED MATERIALS ACCEPTED BY PARTICIPATING CITY, PARTICIPATING CITY DOES HEREBY WAIVE ALL CLAIMS, INCLUDING PRODUCTS LIABILITY CLAIMS, AND RELEASES, AND HOLDS HARMLESS THE CITY OF FORT WORTH, AND ALL OF ITS OFFICIALS, OFFICERS, EMPLOYEES, AGENTS, AND VOLUNTEERS, IN BOTH THEIR PUBLIC AND PRIVATE CAPACITIES, FROM ANY AND ALL LIABILITY, CLAIMS, SUITS, DEMANDS, EXPENSES OF LITIGATION, OR CAUSES OF ACTION WHICH MAY ARISE BY REASON OF INJURY TO PERSONS, LOSS OF PROPERTY, DAMAGE TO PROPERTY, OR LOSS OF USE OF ANY PROPERTY , OCCASIONED BY THE TRANSPORTATION, STORAGE, HANDLING, USE, AND DISPOSAL BY PARTICIPATING CITY OF ANY MATERIALS ACCEPTED BY PARTICIPATING CITY UNDER THIS AGREEMENT FROM FORT WORTH.
