### **RICHLAND HILLS, TEXAS – Police Respond to Missing Child**

The Richland Hills Police Department responded to a report of a missing child that led to a 2 year old child being found unresponsive in a nearby residential pool. The child was transported to a local hospital where life-saving efforts continued and was later pronounced deceased.

On Friday, February 11, 2022 at about 1:10pm, the Richland Hills Police Department, along with assistance from neighboring police agencies, responded to a report of a missing child from a residence in the 3100 block of Crites Street in Richland Hills, TX.

Police arrived on scene within minutes and began searching the area for the child. The child was located unresponsive in a nearby residential pool. Police retrieved the child from the pool and immediately began CPR until paramedics arrived and took over administering life-saving measures. The Richland Hills Fire Department transported the child to a local hospital, where the child was pronounced deceased after exhaustive life-saving measures were attempted.

This is still an on-going active police investigation, however based on the initial investigation there is no foul play suspected and no criminal charges are pending at this time. Out of respect for the family's privacy, the identity of the child and those involved will not be released.

Anyone with information regarding this incident can contact the Richland Hills Police Department Detectives at 817-616-3788. Those wishing to remain anonymous can go to [469tips.com](http://469tips.com) or call 817-469-TIPS.
